

BIMSB Summer Special

Michael Elowitz

Division of Biology
California Institute of Technology

This summer the BIMSB welcomes Michael Elowitz to deliver two talks on the following topics:

Wednesday 5 July, 12:00; MDC.C Axon 1

Cellular messaging: Specificity and promiscuity in the Notch and BMP signaling systems

Monday 10 July, 12:00; MDC.C Axon 1

Understanding and engineering cellular memory systems

Host: Nikolaus Rajewsky

Everyone is welcome to attend, no registration required.

MDC, Campus Berlin – Buch, Robert-Rössle-Str. 10
